An Ethical Guidebook to the Zombie Apocalypse

When your base camp is overrun by zombies, whom do you save if you cannot save everyone? Is it permissible to sacrifice one survivor to an undead horde in order to save a greater number of the living? Do you have obligations to loved ones who have turned? These are some of the troubling ethical questions you might face in a zombie apocalypse. Bryan Hall uses situations like these to creatively introduce the foundational theories of moral philosophy. Covering major thinkers such as Aristotle, Immanuel Kant, and John Stuart Mill, this is an introduction to Ethics like no other: a practical guidebook for surviving a zombie outbreak with your humanity intact. It shows you why moral reasoning matters as long as you still walk among the living. The book is written entirely from the perspective of someone struggling to survive in a world overrun by the undead. Each chapter begins with graphic art and a "field exercise" that uses a story from this world to illustrate an ethical problem. By considering moral controversies through the unfamiliar context of a zombie apocalypse, the morally irrelevant factors that get in the way of resolving these controversies are removed and you can better answer questions such as: · Do we have a moral obligation to help those less fortunate than ourselves? · Is it ever morally permissible to intentionally kill an innocent person? · Are non-rational but sentient beings morally considerable? Equipped with further reading sections and overviews of the theories that you would usually cover in an introductory Ethics course, this one-of-a-kind primer critically evaluates different procedures for moral action that you can use not only to survive but flourish in an undead world.

Millennial Ranger

We are living in the last days as described in the Bible. We are constantly surrounded by threats of war. There are starving people throughout the world. Across the globe, Christians are being murdered and tortured for their faith. Devastation from natural disasters seems to be becoming more commonplace and less shocking. These are the days before the end times. During the tribulation, Christians will be tested like never before. God wants us to be able to survive, both physically and spiritually. *Millennial Ranger: Spiritual Survival while Surviving* examines both end-times prophecy and how to survive by implementing an adapted version of the US military's survival plan. This is not just a book about how to build fires and find food. This is a book about finding yourself in Christ and being able to do the will of God. Your mission is to harvest souls for Christ. Survival will not matter if you do not accept Jesus into your life and repent of your sins. "For the wages of sin is death, but the gift of God is eternal life in Christ Jesus our Lord" (Romans 6:23).
