How to play Acquire - How to play Acquire 6 Minuten, 56 Sekunden - Learn the rules to the board game **Acquire**, quickly and concisely - This visually rich video has no distractions, just the rules.

The object of the game is to be the player with the most money at the end of the game.

Setup: layout the board and give each player a tile holder.

Play a tile onto the game board.

To play a tile, place one from your hand of tiles onto the matching space on the game board.

Pick a hotel chain not currently in play from the side of the board and place it covering the two newly connected tiles.

If you place a tile next to an adjacent hotel chain, it becomes part of that hotel chain, making it bigger in size.

When you place a tile so that it connects two or more hotel chains, a merger takes place.

Each player, starting with the player who made the merger and proceeding clockwise, must decide to hold, trade, or sell in any combination his stocks in that hotel chain.
