put a charger in your tv like this and you have a super digital antenna

to start the first thing we will do is

and then we cut this part with the help

now we will cut the black cover that

but be very careful not to cut the wires inside

when we have removed it we are

They usually come in two colors but

then we take a coaxial cable or a television

until the silver cover that the cable has

Once this is done, we are going to peel this white part to leave the center cable exposed

Take advantage now and tell me from which

to send you a special greeting in the next video

when finished, that's how it should stay

then we take the charger and wind one of its wires on the copper that we discovered earlier

when we're finished it's just time to connect

As you can see, the television shows perfectly each of the channels that are being tested
