Hip Hop around the World

This set covers all aspects of international hip hop as expressed through music, art, fashion, dance, and political activity. Hip hop music has gone from being a marginalized genre in the late 1980s to the predominant style of music in America, the UK, Nigeria, South Africa, and other countries around the world. Hip Hop around the World includes more than 450 entries on global hip hop culture as it includes music, art, fashion, dance, social and cultural movements, organizations, and styles of hip hop. Virtually every country is represented in the text. Most of the entries focus on music styles and notable musicians and are unique in that they discuss the sound of various hip hop styles and musical artists' lyrical content, vocal delivery, vocal ranges, and more. Many additional entries deal with dance styles, such as breakdancing or b-boying/b-girling, popping/locking, clowning, and krumping, and cultural movements, such as black nationalism, Nation of Islam, Five Percent Nation, and Universal Zulu Nation. Country entries take into account politics, history, language, authenticity, and personal and community identification. Special care is taken to draw relationships between people and entities such as mentor-apprentice, producer-musician, and more.

Osterhase, Weihnachtsmann, Zahnfee und Co

Jeder kennt sie, die Helden unserer Fantasie, lebendig gemacht durch die Geschichten unserer Eltern oder Großeltern. Doch wer sind diese Gestalten eigentlich? Was macht der Osterhase, wenn er nicht Eier bemalen oder austeilen muss? Warum sammelt die Zahnfee Zähne? Mahlt sie damit den Schlafsand für das Sandmännchen oder ist es nur ein irrer Fetisch? Wie verträgt der Weihnachtsmann die vielen Kekse, oder ist er ohnehin längst zuckerkrank? In 15 Geschichten zeigt diese Anthologie die versteckten Vorlieben, die tiefen Abgründe oder auch Macken der Helden unserer Kindheit.

K for the Way

“K for the Way” explores writing, rhetoric, and literacy from the perspective of the Hip Hop DJ. Todd Craig, a DJ himself, establishes and investigates the function of DJ rhetoric and literacy, illuminating the DJ as a fruitful example for (re)envisioning approaches to writing, research, and analysis in contemporary educational settings. Because it is widely recognized that the DJ was the catalyst for the creation of Hip Hop culture, this book begins a new conversation in which Hip Hop DJs introduce ideas about poetics and language formation through the modes, practices, and techniques they engage in on a daily basis. Using

material from a larger qualitative research study that illustrates the Hip Hop DJ as a twenty-first-century new media reader, writer, and literary critic, Craig blends interviews from prominent and influential DJs in the Hip Hop community with narrative and interdisciplinary scholarship from writing studies, Hip Hop studies, African American studies, urban education, and ethnomusicology. The voices of DJs sit front and center, presenting a revolutionary conversation about writing and communication in the twenty-first century. Weaving Craig's life experiences with important discussions of racial literacies, "K for the Way" is a layered and utterly singular exploration of culture, identity, and literacy in America.

Spinderella

The song remains the most basic unit of modern pop music. Shaped into being by historical forces—cultural, aesthetic, and technical—the song provides both performer and audience with a world marked off by a short, discrete, and temporally demarcated experience. One-Track Mind: Capitalism, Technology, and the Art of the Pop Song brings together 16 writers to weigh in on 16 iconic tracks from the history of modern popular

music. Arranged chronologically in order of release of the tracks, and spanning nearly five decades, these essays zigzag across the cultural landscape to present one possible history of pop music. There are detours through psychedelic rock, Afro-pop, Latin pop, glam rock, heavy metal, punk, postpunk, adult contemporary rock, techno, hip-hop, and electro-pop here. More than just deep histories of individual songs, these essays all expand far beyond the track itself to offer exciting and often counterintuitive histories of transformative moments in popular culture. Collectively, they show the undiminished power of the individual pop song, both as distillations of important flashpoints and, in their afterlives, as ghostly echoes that persist undiminished but transform for succeeding generations. Capitalism and its principal good, capital, help us frame these stories, a fact that should surprise no one given the inextricable relationship between art and capitalism established in the twentieth century. At the root, readers will find here a history of pop with unexpected plot twists, colorful protagonists, and fitting denouements.

In this “entertaining and moving” (Kirkus Reviews) middle grade novel that’s perfect for fans of Tim Federle and Gordon Korman, Zadie is determined to spend the summer helping at the community theater—but things go hilariously awry! Zadie loves Tae Kwon Do, comic books, and outer space. She also loves visiting the community theater that her mom runs, especially the lighting grid over the stage and the stage manager’s booth, which is filled with levers and buttons like a spaceship control panel. So when the family’s finances suffer a blow and Zadie has to give up her usual activities to spend the summer at the theater, she doesn’t mind too much. After all, she’s always wanted to tech a show. She knows she’d be great at it, but her mom and the new stage manager are totally opposed to the idea of having a kid do tech. Instead, Zadie’s stuck handing out snacks and folding flyers. But the future of the theater rides on this show, and Zadie is determined to help. She’s going to make *Spinderella* the hit of the season—unless she accidentally turns it into a disaster.

This Handbook explains how music contributes to the advertising that the public encounters on a daily basis. Chapters examine how the soundtracks of promotional messages originate, how we might interpret the meanings behind the music, and how commercial messages influence us through music.

The Oxford Handbook of Music and Advertising

Cecilia, a fifteenth-century Christian martyr, has long been considered the patron saint of music. In this pathbreaking volume, ten of the best known scholars in the newly emerging field of feminist musicology explore both how gender has helped shape genres and works of music and how music has contributed to prevailing notions of gender. The musical subjects include concert music, both instrumental and vocal, and the vernacular genres of ballads, salon music, and contemporary African American rap. The essays raise issues not only of gender but also of race and class, moving among musical practices of the courtly ruling class and the elite discourse of the twentieth-century modernist movement to practices surrounding marginal girls in Renaissance Venice and the largely white middle-class experiences of magazine and balladry.

“ONE CAT JUST LEADS TO ANOTHER.” —Ernest Hemingway Inspired by the true story of the famous six-toed felines of the Ernest Hemingway House in Key West, Florida—and the hurricane that nearly blew them away—Hemingway’s *Cats* is a delightful novel full of romance, humor, and lots and lots and lots of cats . . . Laura Lange didn’t come to Key West to fall in love. As a recent college grad—with a useless degree in English—she came to work at the historic Hemingway home as a tour guide. Why not? She wrote her thesis on the iconic author. She has no other job offers. And she’s desperate. Now Laura is falling desperately in love—with the fifty-four frisky felines who freely roam the estate. These descendants of Hemingway’s

original cat have not only stolen her heart—they're changing her life in ways she never imagined . . . First there's Nessie, the bushy-tailed "house mother" of the cats who seems to have adopted Laura, too. Then there's grumpy old Pawpa Hemingway; the cat thieves Chew-Chew and Whiskey; the big-pawed Boxer and Bullfighter; and dozens of darling kittens. The locals are lovable, too. Laura's having a great time with her boy-crazy bungalow roomies, the Crabb sisters, and especially the young, handsome cat keeper, Jake. But Laura's summer of fun is about to take an unexpected turn—a Category 5 hurricane is about to make landfall directly on their doorstep . . . They can't possibly evacuate fifty-four cats. So Laura, Nessie, and all of their friends decide to hunker down in the Hemingway House to weather this storm—together. "Sweet, funny, and charming. You'll fall in love with these adorable kitties and colorful Key West characters." —MELINDA METZ, bestselling author of *Talk to the Paw*

Burning dinners, stitching \"scandalous\" quilts, talking \"hard\" in the male dominated world of rap music--- Feminist Messages interprets such acts as instances of coding, or covert expressions of subversive or disturbing ideas. While coding may be either deliberated or unconscious, it is a common phenomenon in women's stories, art, and daily routines. Because it is essentially ambiguous, coding protects women from potentially dangerous responses from those who might be troubled by their messages.
