Papa's Baby

When a child is conceived from sexual intercourse between a married, heterosexual couple, the child has a legal father and mother. Whatever may happen thereafter, the child's parents are legally bound to provide for their child, and if they don't, they're held accountable by law. But what about children created by artificial insemination? When it comes to paternity, the law is full of gray areas, resulting in many cases where children have no legal fathers. In *Papa's Baby*, Browne C. Lewis argues that the courts should take steps to insure that all children have at least two legal parents. Additionally, state legislatures should recognize that more than one class of fathers may exist and allocate paternal responsibility based, again, upon the best interest of the child. Lewis supplements her argument with concrete methods for dealing with different types of cases, including anonymous and non-anonymous sperm donors, married and unmarried women, and lesbian couples. In so doing, she first establishes different types of paternity, and then draws on these to create an expanded definition of paternity.

This book is exactly what it says, Recipes of Yesteryear (all are twenty-five years or older). All the recipes came from my family, friends, and companies I worked with. Before I make any other comments, let me answer a question that I usually get asked. \"Have you made all the recipes in the book?\" And the answer is \"Yes.\" All but one. The book was inspired by my family and friends. Many would tell me to do a cookbook because I loved to cook. So I gave in, and here is a book of at least 150 recipes going from breakfast, lunch, and dinner. There are also so many other recipes for dressings, some desserts, soups, salads, and many other areas of possible interest. All the primary recipes are made to serve from four to six people. Now, my recipes are designed as a guide for you, as being your own cook you can make changes if you want. This is really what cooking is all about. My belief that I have had through the years is when meals are cooked at home, they are made with love and are truly blessed from above.

The Best Dads Are Promoted to Papa

Ryan Knighton's humorous and perceptive tales of fatherhood take us inside an unusual new family, one bound by its father's particular darkness and light. C'mon Papa is Ryan Knighton's heartbreaking and hilarious voyage through the first year of fatherhood. Becoming a father is a stressful, daunting rite of passage to be sure, but for a blind father, the fears are unimaginably heightened. Ryan will have to find novel ways to adapt to nearly every aspect of parenting: the most basic skills are nearly impossible to contemplate, let alone master. And how will Ryan get to know this pre-verbal bundle of coos and burps when he can't see her smile, or look into her eyes for hints of the person to come? But this is no pity party, and Ryan has no time for sentimentality. Tackling these hurdles with grace and humour, Ryan is determined to do his part - and this is where the fun starts. From holding his daughter as she wails into the night to their first nerve-wracking walk to the cafe, no activity between father and daughter is without its pitfalls. In his struggle to "see" Tess, Ryan reimagines the relationship between father and child during that first chaotic year.

Dear Reader, The little girl in this book is based on me, probably when I was not much older than you are now. This is a true story about my papa and me. When I close my eyes and think of my papa, I am taken to memories filled with warmth and love. This book comes from those memories, and the memories we have are the dreams that we keep. I hope reading it brings you as much joy as I found in writing it. And when you

close your eyes and think of that special person in your life, may you be filled with the same warmth and love.? Yours truly, Erin Strange

C'mon Papa

How does a pizza business go from a broom closet in the back of a rundown bar to a multinational chain with 5,000 stores and \$3.7 billion per year in system-wide sales--and in only 30 years? The answer is simple: It puts its customers and its team members first. That's the story of Papa John's. That's the story of a \"good business.\" And it could be the story of anyone who wants to run a company or benefit their community, so long as they're willing to apply the principles and practices that made Papa John's so wildly successful. 'Papa' is the story of the American Dream. It's the story of starting small and making it big. It's a story that can inspire anyone to follow their passion and chart their own path. Whether you're looking for the principles and practices that make a business successful, or you're just looking to read the story of someone who achieved more than they ever thought possible, this book is for you.

My Papa and Me

On March 1, 2010, Elizabeth Hugo's life changed dramatically when her ninety-two-year-old father, Victor Mazzullo, moved into her home. Blind, diabetic, and suffering from dementia, her papa required total care for his every need. As her daily life drastically transformed, Elizabeth soon realized she would have to rely not only on herself, but also on her faith as she learned to listen for God's guidance. In her inspirational memoir, Elizabeth shares poignant anecdotes and applicable Scriptures that provide insight into the challenges, joys, and frustrations that accompanied her spiritual journey caring for her father in his final years. As her role shifted from daughter to primary caregiver, Elizabeth recalls how she dealt with the subsequent emotional impact, realized her limitations, accepted help from others, and relied on prayer for strength. Buoyed through her struggles by her faith, Elizabeth learned how to walk through each day knowing she was just as needy and dependent on her "Papa" God for His love as her father was on her for his care. Written in devotional form, Life Lessons from My "Papa" shares practical tips, seasoned advice, and compassionate wisdom for any caregiver desiring inspiration.

My wife, Karen and I, (Karen has passed away) had four children and 14 grandchildren. The birth of those grandchildren brought great joy to us and motivated me to create a story upon the birth of the first eight grandchildren, the first in 1986 and the last in 1998. Each chapter lists chronologically the names of these eight grandchildren. One of the stories was created as I was driving one night from a YMCA job interview in Chattanooga, Tennessee to Kokomo, Indiana, where I served as CEO. This book contains Christmas stories I created for children to enjoy. It begins with Santa's dog who gets lost and must be found so he can accompany Santa on his trip. Other unique characters are introduced, the Blue Angel, Miss Frilly Fox, a little boy named Bo who could fly, the walking trees, how snow began, the batmasters Desmo and his brother Rufus, the twin girls I and Y and many more. My grandchildren took great pleasure from reading their stories and I'm hoping to instill imaginative minds in others. Older children will enjoy reading the stories themselves and younger children having them read to them. The stories provide the children with something to think about. Many people said I should put these stories in a book, and so I did!

Life Lessons from My "Papa"

In 1624 Pope Urban VIII appointed Marcello Sacchetti depositary general and secret treasurer of the Apostolic Chamber, and Giulio Sacchetti bishop of Gravina. Urban later gave Marcello the lease on the alum mines of Tolfa and raised Giulio to the cardinalate. To assert their new power, the Sacchetti began commissioning works of art. Marcello discovered and promoted leading Baroque masters, such as Pietro da Cortona and Nicolas Poussin, while Giulio purchased works from previous generations. In the eighteenth century, Pope Benedict XIV bought the collection and housed it in the Capitoline Museum, where it is now a substantial portion of the collection. By focusing on the relationship between the artists in service and the Sacchetti, this study expands our knowledge of the artists and the complexity of the processes of agency in the fulfillment of commissions. In so doing, it underlines how the Sacchetti used art to proclaim a certain public image and to promote Cardinal Giulio as a candidate to the papal throne.
